On the reels you will come across imagery similar to that found in a BBC documentary - the Cats Logo, Paw Prints, Black Panthers, Tigers, Lions, Mountain Lions, and Cheetahs.

## Familiar IGT Features

IGT has really done well when it comes to this game's features.

The double symbols therefore are the most lucrative as getting 5 in an active line will get you as much as 10 matching cats.

Five Paw Prints on reels 2, 3, and 4 will activate Free Spins mode, rewarding l

ucky players with 5 free spins; 6 Paw Prints on reels 2, 3, and 4 will get you 1

0 free spins.

The Split Symbol counts as 2 symbols whenever it is involved in a winning combination.

All bonus and scatter wins are added to payline wins.
