Without the side bet, Blazing Sevens Blackjack follows the normal blackjack setup and rules.

Blazing 777 is completely independent from the hand against the dealer; you can lose against a dealer blackjack - and still win big by hitting 7s.

You'll be risking less money, but also taking a chance that you hit those 7s and miss out on a potentially big prize.

When this starts to rise, the increase in players joining the games can give it an extra boost.

There is a bigger house edge than the main game - up to 6% depending on the jackpot size.

There are many other side bets for online blackjack games, including the popular Perfect Pairs and 21+3 variants.

Online players will usually receive a welcome bonus when they sign up at a new casino, often in the form of a deposit bonus.

Even the smallest venues with just a handful of tables will spread this game.
