All you have to do is set the game's bet level and denomination and start spinning.

If you bet more, then more reels are available to you, increasing the maximum amount you can win.

It'll respin any reels that have zeros on them to give you a chance at winning more than you already did.

This is to give you another chance at winning, instead of taking home nothing.

What we did like was the nudge feature, giving you a second chance to increase your winnings.
