There's no split decision when it comes to these top MMA sportsbooks. Consider these areas of focus when deciding the best online sports betting site for title fights.

The online sportsbooks that we recommend for UFC betting typically allow deposits via credit cards (Visa, MasterCard), debit, e-wallets (Skrill, PayPal) and cryptocurrency.

If you're unfamiliar with the crypto world, be sure to take a look at our BTC guide.

To start, many UFC betting sites offer a welcome bonus of extra funds.

Many of the best UFC betting sites have safe and secure customer support that can be reached around the clock via email, phone or live chat.

Mobile Betting Apps  
If I'm watching a major event and I just saw Jon Jones take down Francis Ngannou in the first round, I want to be able to whip out my phone and put a live bet on Jones.

Luckily, we at Odds Shark have reviewed some of the best sports betting mobile apps to further your choice of where to bet on fights online.

UFC Betting Tips  
Amazon is one of the largest e-commerce sites in the world. It is filled with products people need and want, offering customers a wide range of shopping options.

.

TikTok is also a great place to promote products and services, so you could create a video review of a product and post it on your account.

4. Become a Freelance Reviewer

It's worth shopping around to find a job that pays well, as there can be some great opportunities out there!

6. Online Surveys and Questionnaires

7. Participate in Research Studies

No, Amazon does not allow self-promotion or promotional content in its reviews.

Content deemed promotional will be removed and may result in account suspension.

It is always best to focus on providing an honest assessment of the product itself without trying to sell your items or services.

Follow Amazon's Guidelines
